## CONDITIONS OF SALE

1. All bids to be PER PIECE as numbered in the catalogue, unless otherwise mentioned.
2. The highest bidder to be the buyer. In all cases of disputed bids the lot shall be resold, but the auctioneer will use his judgment as to the good faith of all claims, and his decision shall be final.
3. Any bid which is not commensurate with the value of the article offered, or which is merely a nominal or fractional advance, may be rejected by the auctioneer if in his judgment such bid would be likely to affect the sale injuriously.
4. The name of the buyer of each lot shall be given immediately after the sale thereof, and when so required, each buyer shall sign a card giving the lot number, amount for which sold, and his or her name and address. ¶ A deposit at the actual time of the sale shall be made of all or such part of the purchase prices as may be required. ¶ If the two foregoing conditions are not complied with, the lot or lots so purchased may at the option of the auctioneer be put up again and resold.
5. Title passes upon the fall of the auctioneer's hammer, and thereafter the property is at the purchaser's risk, and neither the owner nor the Company is responsible for the loss or, or any damage to any article by theft, fire, breakage, however occasioned, or any other cause whatsoever.
6. Articles not paid for in full and not called for by the purchaser by noon of the day following that of the sale may be turned over by the Company to some carter to be carried to and stored in some warehouse until the time of the delivery therefrom to the purchaser, and the cost of such cartage and storage and any other charges will be charged against the purchaser, and the risk of loss or damage occasioned by such removal or storage will be upon the purchaser. ¶ In any instance where the bill has not been paid in full by noon of the day following that of the sale, the Company reserves the right, any other stipulation in these conditions of sale to the contrary notwithstanding, in respect to any or all lots included in the bill, at its option, either to cancel the sale thereof or to resell the same at public or private sale without further notice for the account of the buyer and to hold the buyer responsible for any deficiency sustained in so doing.
7. The Company exercises great care to catalogue every lot correctly and endeavors therein and also at the actual time of the sale to point out any error, defect, or imperfection, but guaranty is not made either by the owner or the Company of the correctness of the description, genuineness, authenticity or condition of any lot, and no sale will be set aside on account of any incorrectness, error of cataloguing or imperfection not noted or pointed out. Every lot is sold "as is" and without recourse.
8. Buying or bidding by the Company for responsible parties on orders transmitted to it by mail, telegraph, or telephone, if conditions permit, will be faithfully attended to without charge. Any purchases so made will be

subject to the foregoing conditions of sale. Orders for execution by the Company should be given with such clearness as to leave no room for misunderstanding. Not only should the lot number be given, but also the name of the object, and a bid on several objects catalogued under a single number should be stated to be so much per piece unless the description contains the notation "[Lot.]", in which case the bid should be stated to be so much FOR THE LOT. If the one transmitting the order is unknown to the Company, a deposit must be sent or reference submitted. Shipping directions should also be given.

9. The Company will afford every facility for the employment of carriers and packers by the purchasers, but will not be responsible for any damage arising from the acts of such carriers and packers.

*These Conditions of Sale cannot be altered except by  
an Officer of the Company*
